SUMMARY

Operations and real estate leader with 7+ years managing multi-site portfolios of 500+ units and more than 2,000 clients. I bring extensive experience leading teams, optimizing workflows, and elevating operational performance to drive measurable results. I am also skilled in C++, cybersecurity, and modern web development with hands-on projects in accessibility, automation, data analytics, and technical solution design.

EXPERIENCE

Property Manager | Moss & Company

December 2023 - June 2025, Los Angeles, CA – On-site

- Directed a \$3.7M portfolio of luxury assets, maintaining 98% collection, and improving asset value through occupancy analytics and operations.
- Increased asset NOI by 3% annually through aligning clients' goals with targeted initiatives and optimized budget allocations.
- Achieved 95% client/tenant retention through negotiations, renewals, and customer-focused communication.
- Reduced monthly expenses by \$4K by analyzing KPIs, improving lead-conversion workflows, and optimizing marketing strategies.
- Supervised and developed a team of five, leading daily operations and implementing structured problem-solving to improve performance.
- Produced financial and operational variance reports, reviewed AP/AR and CAM expenses, reconciled monthly budgets, and led CapEx projects.

Property Manager | Westside Habitats

April 2022 - November 2023, West Hollywood/Beverly Hills, CA – Remote

- Oversaw a Class A portfolio of 9 assets, 8 multi-family/residential, 1 commercial plaza, and maintained an occupancy rate of 96%.
- Lowered operational costs by 15% through vendor negotiations, service-level analysis, and contract restructuring.
- Decreased delinquencies by 10% through implementing improvements to the trackers and expense-management workflows.
- Strengthened operational accuracy by coordinating inspections, maintenance workflows, compliance reviews, and vendor scheduling.
- Led lease drafting, customer/tenant onboarding, move-in/move-out workflows, and vacancy management to ensure seamless transitions.
- Collaborated with cross-functional operations by aligning various teams to improve efficiency for administrative processes.
- Supported a Lease-Up of a 200-unit new construction community in Century City, reaching 92% occupancy amid rapid market expansion.

Regional Assistant | Westside Habitats

June 2021 - April 2022, West Los Angeles, CA – On-site

- Managed and supported 8 Property Managers across 25 communities, 800+ units, 1,200+ clients/tenants.
- Redesigned internal tracking systems, increasing team productivity by 25% through automated templates and centralized logs.
- Instituted comprehensive tenant screening process integrating credit, rental history, and employment verification, reducing delinquency by 18%.
- Oversaw customer service operations with escalations, gathering documentation, and maintaining accurate data logs.
- Coordinated client screenings and onboardings, composed notices, directed team meetings, and implemented compliance across teams.
- Maintained organizational consistency by aligning communication and compliance processes across multifunctional teams.

Senior Administrative Assistant | Nike

June 2016 - June 2021, Santa Monica, CA – On-site

- Optimized operational workflows for a \$17M store, overseeing scheduling, payroll coordination, budgeting and forecasting for 120+ employees.
- Trained and onboarded two administrative assistants, aiding in improving productivity, efficiency, and operational standards.
- Implemented employee engagement initiatives to strengthen company and team culture, resulting in increased sales performance by 12%.
- Streamlined cross-department communication and enhanced collaborations between management, sales, and operational teams.
- Organized internal processes by reinforcing standards to improve consistency and performance across departments.
